Education

National Institute of Technology, Kurukshetra	**Nov. 2022 – June 2026**
Bachelor of Technology in Computer Science and Enginering	*CGPA - 9.35*
Dyal Singh Public School, Karnal	**March. 2020 – June 2022**
Senior High School - 11th and 12th Standards	*Percentage - 97.8 (CBSE), Percentile - 99.43 (JEE Mains)*

Coding Profiles

LeetCode: 500+ Problems Solved, 15+ Contests, Top 10% globally Go to Profile

CodeForces: 150+ Problems Solved, 10+ Contests Go to Profile

CodeChef: 100+ Problems Solved, 10+ Contests Go to Profile

Technical Skills

Languages: C, C++, Javascript, Typescript, CSS, HTML, SQL, Python
Technologies and Frameworks: Linux, REST APIs, NextJS, React, Vite, Node-Express, Vue JS, TailwindCSS
Databases: Mongo DB, Postgre SQL, Django
NLP (Natural language Processing): Text Mining using BeautifulSoup4, Data Analysis using Pandas, Sentiment Analysis using NLTK

Projects

Professional Portfolio | *NextJS, Tailwind CSS, Aceternity UI, Sentry, Typescript* <u>Preview</u>   **January 2024**
- Professional portfolio that showcases my skills, projects, coding profiles and much more about my academic and professional career.

Byte Bank | *NextJS, Appwrite, Plaid, ShadCN, Sentry, Dwolla, Typescript* <u>Preview</u>   **June 2024**
- Developed an online banking service using Plaid Open Banking Systems for seamless global transactions and fund managements. A one-stop solution for all banking services gaining 10000+ impressions worldwide

Byte Bridge | *NextJS, TailwindCSS, ShadCN, Stream* <u>Preview</u>   **May 2023**
- Developed a video calling app with real-time video, audio, and conferencing features using Stream which ensures seamless, high-quality communication for users.

Experience

Codsoft Intern   **August 2023 – October 2023**
Web Developer, Intern   *React, NodeJS, Express, MongoDB*
- Successfully delivered 3 projects, used by 100+ clients: Personal Portfolio, Scientific Calculator, and an E-Commerce Website. Advanced functionalities and seamless user experience were handled.

Open Source Contributions

Digitomize   **August 2023 – Currently**
Full Stack Development   *React, NodeJS, Express, MongoDB*
- Contributed to the open source digitomize project, aimed at providing a better experience to students globally through a common interface for their competitive coding, Web Development, and Contests profiles.

Algolisted   **August 2023 – Currently**
Full Stack Development   *NextJS, NestJS*
- Collaborated with thousands worldwide to build a better user experience for Undergrads globally to improve their technical skills, and prepare for interviews.

Certifications

ReactJS Essential Training, LinkedIn   **December 2023**
Redux Toolkit, React-Vite   *View Certificate*
- Achieved high proficiency in React-Redux 9.0.4, Redux Code 5.0, React-Vite 5.0.1 and built 5+ Projects

Programming Foundations - Algorithms, LinkedIn   **October 2023**
DSA, Optimization Algorithms, Dynamic Programming, Advanced DSA   *View Certificate*
- Mastered algorithms, data structures, and problem-solving techniques in a comprehensive DSA course.

Tools For Data Science, IBM   **August 2023**
Anaconda, TensorFlow, R, Python   *View Certificate*
- Built 95%+ effective ML Models using RStudio, JupyterNotebooks, and TenserFlow.
